

# Updated Online Pension Application!

## Now you can upload your documents when applying online.

You may apply online for your pension benefits and upload supporting documents by logging into <https://ipass.iamnpf.org/>. The Benefit Funds Office will officially receive your online application the same day it is submitted online.

IPASS will allow you to save a draft of an incomplete application but will not save documents. You may return to complete the application by logging back in and uploading all documents.

Once you submit a Pension Application, you will not be able to edit it or upload any additional documents. If you need to submit additional supporting documents, you may do so by email, fax (see below) or mailing them to the Benefit Funds Office.

IPASS will automatically log you out after 20 minutes of inactivity. Using the same computer, you will need to log in again to complete your application.

Participants may print a copy of the completed application for your records if an email is provided in the online Pension Application.
